

## GASOLINE BURNS FATAL AFTER FOUR WEEKS OF INTENSE SUFFERING.

Match Struck by Boy to See How Much Gasoline was in Tank and Explosion Followed.

Mrs. Vannie Reigart, wife of Edward Reigart, who was burned by gasoline while operating a pump at her husband's garage, in York, Friday, Nov. 16, died last Sunday morning after intense suffering. The accident happened early Friday morning, Nov. 16, when Wilmer Bush, of that city, thoughtlessly held a match near the opening of a gasoline tank while Mrs. Reigart was pumping gasoline into the tank of the machine. The boy held the nozzle of the hose in the opening of the container. After a quantity of gasoline had been pumped into the reservoir Bush struck a match and held it to the opening of the reservoir to see how much gasoline was in. There was an instant flareup. He threw the flaming hose away from him and the liquid splattered Mrs. Reigart's garments below the waist line, and in an instant she was in flames. ## THE GREAT RED CROSS DRIVE A LETTER FROM FRANCE

FOR THE FIFTEEN MILLION MISS WOLF PLEASED WITH THE CHRISTMAS MEMBERSHIP. PROMPT RESPONSE.

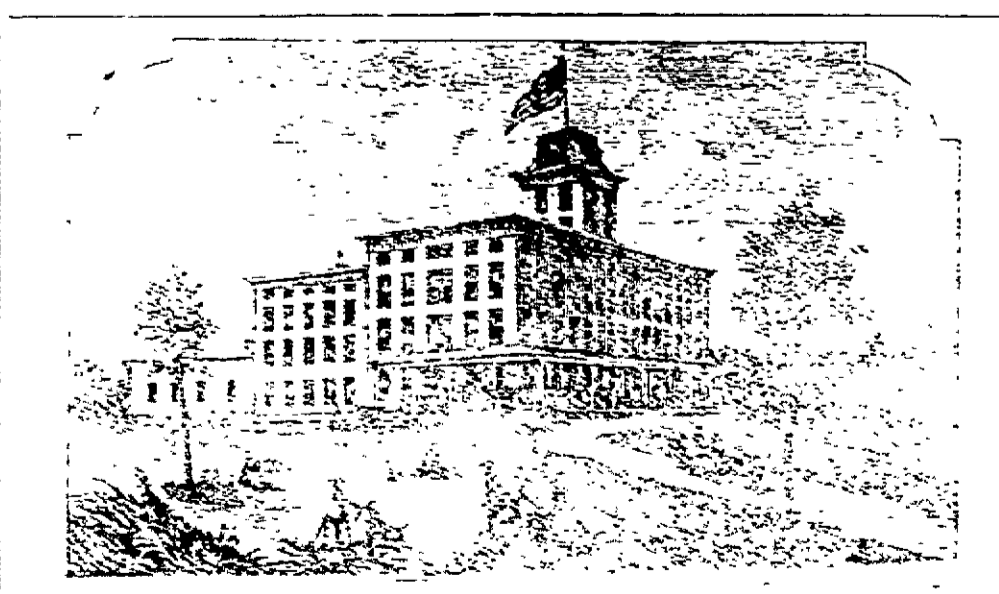

You Have the Heart and the Dollar The First Installment of the Fund Arrived on Thanksgiving Day.

Mr. H. T. Weaver, proprietor of the G. W. Weaver & Son's Dry Goods Department Store, and chairman of the Adams County Red Cross Society, sends the following message to the people of the county:

Are the men of Adams county falling down on the greatest work they have ever been called on to do, to help in the Christmas membership drive of the American Red Cross Society. Adams county is falling far back of its quota of members, and unless the men of the county "get at it" at once to help the women who have done gloriously, the first county alphabetically, on the list of counties is going to be far down the list in membership. Let every man from now to Christmas eve take it upon himself to see that himself and every man in his community is a member of the greatest Christian force ever conceived. One dollar is all it costs. Membership does not entail work, but it does show that you are interested in alleviating suffering on the earth—and especially now on the devastated sections of Europe as well as on its battlefields.

Your boy—or your neighbors—will feel the beneficence of the American Red Cross' great work if he is a soldier or sailor. Do your bit and do it now—even though you have to leave something less important undone. Red Cross flags are being displayed in the windows of many homes with a red cross for every member of the Red Cross. What a happy goal to strive for that each soul in each home have a red cross for his or her very own.

The need of Red Cross for money is great; one-half of membership fee stays at home. Let me give you an idea of what becomes of the money. It goes for materials to be worked up into supplies for hospitals and needs of our soldier boys. There are practically no overhead charges and every dollar is worth to our soldier boys from \$3 to \$4. You ask, how can that be? Here is an illustration: Try to buy a sweater for the protection of one of our soldier boys in a retail store and a good one will be found worth from \$6 to \$8 and more. To cost of material has been added labor to manufacture, profits for the manufacturer and retailer. A Red Cross sweater costs one of our soldier boys about \$2, cost price of yarn. The Red Cross knitters give the labor of love in the knitting and when the Adams county knitters send their sweaters and knitted goods to headquarters, they are pronounced equal to the very best and need no inspection. \$8 worth of yarn in the hands of Red Cross represents not one sweater for one of our soldier boys, but four sweaters for four boys.

The Springs Hotel.

The Katalysine Springs Hotel, the summer resort of Gettysburg, famous for many years, was burnt to the ground on Monday afternoon. The hotel was built in 1898, Mr. Harmon, owner of the ground, being one of the leading persons in the movement and a number of local people were associated in the venture. The hotel soon passed under the control of a Mr. Whitney and remained in his ownership and his estate for many years. The hotel proprietors who made the resort famous for twenty

in a hamper, then dashed off to the hospital where the sick aviators are cared for and gave them a feast,—not forgetting to fly off to another part of town with enough of everything for a sick engineer. Her pet dog ate the bones and she lost him in one of her mad flights. I spent most of the day in bed as I had put in a hard night at the station. Some nights there is not much doing, only four or five hundred passing through our hands,—then again we have a thousand or more and the four of us have no time to talk beyond snapping out orders,—or we catch an officer and station him at the door with orders how we want the crowds passed in and out and where they are to go. Any man speaking English is brought to me, so I see all English, Americans, Canadians and Australians. I am always glad to put them together for the veterans give our boys a heap of good advice. "I have some interesting souvenirs. The French are so artistic, some of the shells engraved by them in the trenches are beautiful. One boy came in one day all smiles and plunked down a shell,—of course I would be delighted to get it, he had spent hours polishing it,—such a nice souvenir. Heavens, it weighed ten pounds! The mechanic of one of my American aviators made me a beautiful paper knife from a piece of shell case and a bullet and the "Indian Head" engraved on the blade. The Squad have an Indian Head as well as each man's private insignia on their machines. The knife is a souvenir from a French boy for taking care of his patron (boss). I have a ring made from German aluminum I would not part with for any price. An "apache" made it for me from a fuse he picked up in the first Champagne offensive in 1915. It has the crown of the Imperial Guard from a button he cut off a dead officer's coat. The officers' buttons are bronze and the soldiers' brass, of the Imperial Guard, all have the crown in the center.

It is a pleasure to record that a number of little folks have helped to swell the "Fund" this week and have generously and unselfishly contributed from their Christmas spending money for the purpose. Individual contributions were made by Master Javens Wolf Plank and little Miss Katherine Harper Plank, York St. The children of the Fourth Grade school in the High Street building, taught by Mrs. Mary Wible, have voluntarily started a box for the "Fund" which they will open monthly. Although the plan had only been in operation a few days, the children wanted to open the box in time to make a remittance before Christmas, so it was opened Wednesday to their delight and also to their surprise when they saw what their own efforts had accomplished in such a brief time.

The following names have also been added this week and their contributions are cheerfully acknowledged. Miss Kate Miller, Gettysburg. Mrs. Craig B. Shields, Gettysburg. Mrs. J. M. Topper, Gettysburg. H. T. Weaver, Gettysburg. Mrs. Kate Himes, New Oxford. Mrs. Sallie Himes, New Oxford. Mrs. Martha Himes, New Oxford. Miss Ruth Himes, New Oxford. Miss Emma Swartz, Cashtown. Miss Daisy Griffin, Gettysburg R. 8.

### Red Cross Notes.

The Red Cross Rummage Sale for three days last week and ending with the auction conducted by J. M. Caldwell on Tuesday evening, resulted in receipts amounting to \$162. There was not expense whatever, Chester Leese contributing use of stove, Gettysburg Department Store and People's Cash Store contributing use of lamps and oil. Contributions of goods to be sold came from merchants and citizens and the committee are very grateful for the generous donating and buying of our people.

Miss Annie Horner, in charge of the Red Cross yarn, being temporarily absent in Pittsburgh, all persons desiring yarn and directions for knitting should apply after Jan. 1st to Miss Lillie McClean, East Middle street.

The picture of the Tanks in battle given by the Photoplay Theatre for the benefit of the Red Cross resulted in net receipts to the local Society of \$2.50.

The Dorcas Class of St. James' Sunday School has made a gift of \$10.00 to Red Cross.

## Where Cyclones Originate.

The most violent cyclones originate in tropical latitudes, in the Atlantic Ocean to the north and east of West Indian islands, and in the Pacific, in the China sea and in the neighborhood of the Philippine islands.

The reason they are so destructive is because they are carried such great distances by extraneous influences. The West Indian cyclones are attracted toward the Gulf stream by the great volume of heated air which always hangs over it and follows its course; so the cyclones of the Pacific follow the course of Kuro Siwo, the great oceanic current which passes around the East Indian archipelago, the shores of China and the Japanese islands.

## FAVORS AN AMATEUR BUGLER

Flatdeweller Prefers Distressing Noise Made by Cornet Tooter to Man Who Yells "Murder" in Sleep.

"We lived once," said Mr. Flatdeweller, "in the same house with an amateur cornet player; and we thought then that if we ever got out of that house we should be happy. It didn't seem as if we could ever have, in any other place, so distressful a neighbor."

"But in this house that we have lately moved into we heard the first night we were here the cry of 'Murder! Murder!'

"We sat up in horror; listening and wondering what we ought to do; but the next moment we heard a female voice saying:

"Edward! Edward! Wake up! Mercy! What's the matter?"

"And then we heard, in a man's voice:

"My gracious! I'm glad that wasn't true."

"This was a great relief to us, of course, as no doubt it was to Edward; but then, as we pulled the bed clothes up again and our head touched the pillow, we reflected that the noise struggling with a cornet had once seemed the worst thing that could happen to us; but now we knew better. As between him and a neighbor prone to a nightmare, give us, oh, give us, every time, the amateur bugler."

## HUNTERS GET 199 DEER

MORE THAN ONE-THIRD LESS THAN LAST YEAR.

Deer Plenty—New Law and Heavy Snow Help to Keep Down the Deer Slain.

The deer hunting season closed last Saturday night, Dec. 15th. While in a way it was a very successful season, yet not many more than half as many deer were secured in the South Mountains this season as compared with the 1916 season, when 313 bucks were secured by the hunting clubs and individuals. A total of 96 were shot by the clubs and 91 by individual hunters, making a total of 187 deer slain for the 1917 season—about ten does were shot and with two small bucks under the legal size, the grand total would be 199, or 114 less than last season. The excessive snow fall the last week proved a drawback to the hunters and saved many deer. It also caused much inconvenience to the clubs with tents, the Monterey, Cashtown, Sport and McKnightstown clubs not being able to move their tents, a caretaker being left to look after them, and take them down as soon as the ice and snow melted from the canvas. The Marsh Creek club secured the services of a sled and pair of mules and after many trips succeeded in bringing all their goods with their five deer to the Chambersburg pike where teams awaited to remove the outfit to Cashtown. Adams county issued 2400 licenses to hunters this year, while Franklin county issued 4858.

One death and two slightly injured was the total of casualties in the South Mountains this year. The distressing death of Edward Sheldon of the Rouzerville club should ever be borne in mind by each individual who invades the mountains for deer in the years to come, that a gun is always a dangerous weapon and should be handled with the greatest care. The new game code is regarded by most sportsmen as an excellent law, and should not be changed.

The successful clubs and unsuccessful ones with the number of deer shot are given below.

## NATION WIDE DRY COMING

### THE DRY AMENDMENT TO CONSTITUTION PASSES CONGRESS

Adams-York District Has Credit of Voting in Favor of Going Dry.

The House of Representatives on Monday adopted the Nation-wide Dry Amendment to the Constitution by vote of 283 in favor and 128 against. There was a safe two-thirds majority. The slight differences in the resolution from the one adopted by the Senate during the summer have been agreed to by the Senate. The text of the resolution is as follows:

"Resolved, by the Senate and House of Representatives that the following amendment to the constitution be, and hereby is, proposed to the States to become valid as a part of the constitution when ratified by the legislatures of the several States as provided by the constitution:

"Article 1, Section 1. After one year from the ratification of this article, the manufacture, sale or transportation of intoxicating liquors within, the importation thereof into, or the exportation thereof from the United States and all territory subject to the jurisdiction thereof for beverage purposes is hereby prohibited.

"Section 2. The congress and the several States shall have concurrent power to enforce this article by appropriate legislation.

"Section 3. This article shall be inoperative unless it shall have been ratified as an amendment to the constitution by the legislatures of the several States, as provided by the constitution, within seven years from the date of the substitution hereof to the States by the congress."

The question is now before the country and when the Legislatures in thirty-six States have voted in favor of the amendment, the whole nation goes dry.

Twenty-seven States have adopted state-wide prohibition and are expected to vote in favor of nationwide prohibition. These States are: Alabama, Arizona, Arkansas, Colorado, Georgia, Idaho, Indiana, Iowa, Kansas, Maine, Michigan, Mississippi, Montana, Nebraska, New Hampshire, New Mexico, North Carolina, North Dakota, Oklahoma, Oregon, South Carolina, South Dakota, Tennessee, Utah, Virginia, Washington, and West Virginia.

Eleven States will open the fight on the nation-wide amendment at once. They are Georgia, Kentucky, Louisiana, Maryland, Massachusetts, Mississippi, New Jersey, New York, Rhode Island, South Carolina, and Virginia. It is said that the chance in Kentucky, Maryland, New Jersey, are good, and that Texas, Ohio, New York, are possibilities. The contest in a short time will narrow down to as many States as can be counted on fingers of one hand and it should be less than seven years before the knell of Old Boose is rung.

To Hon. Andrew R. Brodbeck congressman of the Adams-York district belongs the credit of having placed this district in the dry column with his vote for the amendment.

### The Star Mail Route.

The Autocar for the new star mail route from Gettysburg to Baltimore, arrived in town on Sunday afternoon. The car was driven here from Ardmore by a representative of the Autocar Co., who remained several days this week to see that the machine was in proper working order.

Wm. A. Taughinbaugh, York street, has been appointed to drive the route and the first trip was made on Monday morning, the car leaving town at six o'clock. The route is over 200 miles and one round trip is to be made each day. In spite of the heavily drifted roads and the many stops that are required on the route, the initial round trip, Monday, was made right on schedule time.
